AUTHORSHIP RESPONSIBILITY by signing this document I certify that: (1) All authors participated sufficiently in the intellectual content, analysis of data (if applicable) and writing of the article, as defined by the criteria for authorship by the International Committee of Medical Journal Editors (http://www.icmje.org/). (2) The corresponding author certifies that the definitive version of the manuscript has been approved by all co-authors, as well as, by the director of the Institute or Department where the work has been carried out. (3) All persons who have made substantial contributions to the work reported in this manuscript (e.g., data collection, writing or editing assistance) but who do not fulfill the authorship criteria are named along with their specific contributions as an acknowledgement in the manuscript. The corresponding author certifies that all persons named in the acknowledgement section have provided written permission to be named. (4) All authors have reviewed the final version of the article and approve it for publication. (5) Authors must state that the article submitted has not been previously published, and is not under consideration or accepted for publication (in whole or in part) elsewhere nor have the authors assigned any right or interest in the article to any third party. (6) Written permission from the authors to reproduce any material with copyright elsewhere has been obtained prior to submission. (7) Authors must specify that consent has been obtained from patients taking part in the investigations or, in the case of paediatric patients, from the guardian/s and that they have obtained written releases from patients whose names or photographs are submitted as part of the article. (8) For reports containing original data, the corresponding author should have full access to all the data in the study and takes responsibility for the integrity of the data and the accuracy of data analysis. (9) Any manuscript concerned with human subjects, medical records, or human tissue that is submitted to "Italian Journal of Psychiatry" should comply with the principles stated in the Declaration of Helsinki" Ethical Principles for Medical Research Involving 'Human Subjects", adopted by the 18th World Medical Assembly, Helsinki, Finland, June 1964, and as amended most recently by the 64th World Medical Assembly, Fontaleza, Brazil, October 2013. If the study involves human or animal subjects or records of human patients ethical approval MUST have been obtained. The corresponding author must state whether ethical approval was given, by whom and the relevant Judgement's reference number. The manuscript should contain a statement that the work has been approved by the appropriate Ethical Committee related to the institution(s) in which the work was performed, and that subjects gave informed consent to the work "talian Journal of Psychiatry" requires institutional Ethics Committee approval for all human studies. For retrospective studies on patients' records either a statement of approval or a statement of exemption from the Committee is required. **Ref N° of the Ethical Committee Approval_____ The study was approved by the Institutional Ethical Committee (Name of the Institution_____) and this is clearly stated in the Methods section of the article.**

This statement should also be provided upon submission of the manuscript. Studies involving experiments with animals must state that their care was in accordance with institution guidelines and relevant national laws. (10) The article contains no libelous or unlawful statements, does not infringe the privacy of others, or contains material or instructions that might cause harm or injury. The corresponding author shall indemnify and hold the Editors and its agents and licensees harmless from any damages, costs, and expenses (including reasonable attorney's fees and costs of settlement) resulting by reason of any claim, action, or proceeding finally sustained or settled inconsistent with the foregoing warranties and representations. (11) All manuscripts are screened for plagiarism, which implies immediate rejection. Suspected plagiarism is handled in accordance with the COPE flowcharts (http://publicationethics.org/resources/flowcharts).

Every author or co-author of any article published in this Journal is solely responsible for the contents of the article, for the statement made in their paper and for the material sent. Every author or co-author needs to fully comply with the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation): «*Article 9. Processing of personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person's sex life or sexual orientation shall be prohibited».*
